Dear Service Provider:

Currently the Crime Victims Compensation Program is reducing all payments for treatment and authorized services by 25% of reasonable and customary charges. Based on payment projections for the upcoming fiscal year, compared with anticipated revenues, the Program will continue to reduce payments by 25% for all claims adjusted in Fiscal Year 2010 (July 1, 2009 to June 30, 2010).

Reimbursement for costs associated with sexual assault forensic examinations will continue at 100% of reasonable and customary charges.

This office is currently working on more permanent and comprehensive measures to regulate increasing expenditures. Thank you for your business and your willingness to serve victims of crime.

Sincerely,

A handwritten signature in black ink, appearing to read "George M. Gutierrez".
