What if I have medical insurance?

VOCP will pay copays and deductibles for crime related medical expenses. We'll require the bill from the medical provider, the insurance Explanation of Benefits, and receipts for any payments made. Once we've received those documents, we'll issue payment directly to the provider.

Do I qualify for lost wage payments?

VOCP provides reimbursement for lost wages under certain circumstances. Those who haven't returned to work due to emotional reasons may qualify for a one-time payment of up to \$700. Those who cannot return to work due to physical reasons may qualify for extended lost wages for up to 52 weeks or until released to work by their treating physician. The amount of lost wage reimbursement available through VOCP is dependent upon the victim's earnings and program limits.

What information do my medical providers need?

VOCP is a payer of last resort (insurance or Medicaid must be used first). VOCP pays crime related medical bills, and we'll pay copays and deductibles for victims who have medical insurance. Documents required for payment include the itemized bill (HCFA 1500) from the medical provider, the insurance Explanation of Benefits, and receipts for any payments made. Once we've received those documents, we'll issue payment directly to the provider. Payment processing may take 30 – 60 days. Providers can register with VOCP and obtain information about a victim's application status at http://voc.nv.gov/Portal/Provider_Portal/. Important information for providers can be found at http://voc.nv.gov/Providers/Coverage_limit_for_service_providers/.
